

# 2 in 1 Punch & Cutter

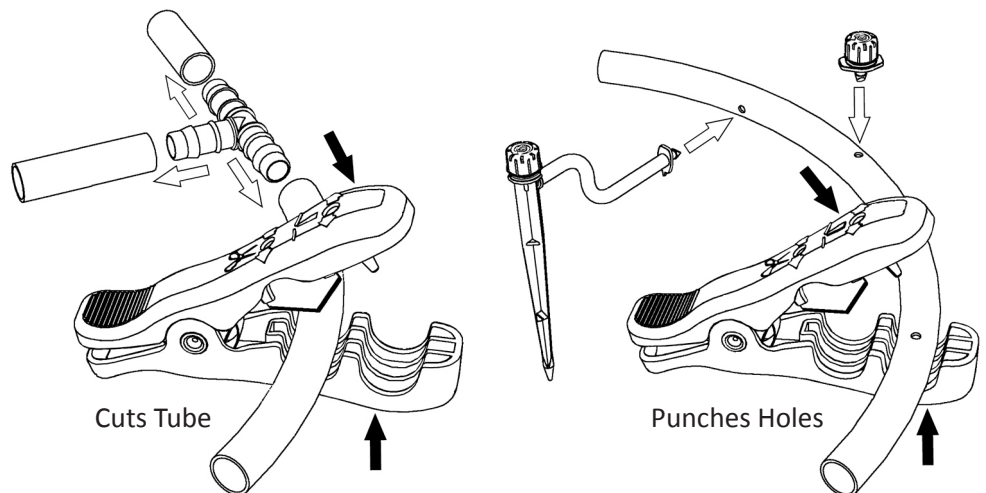

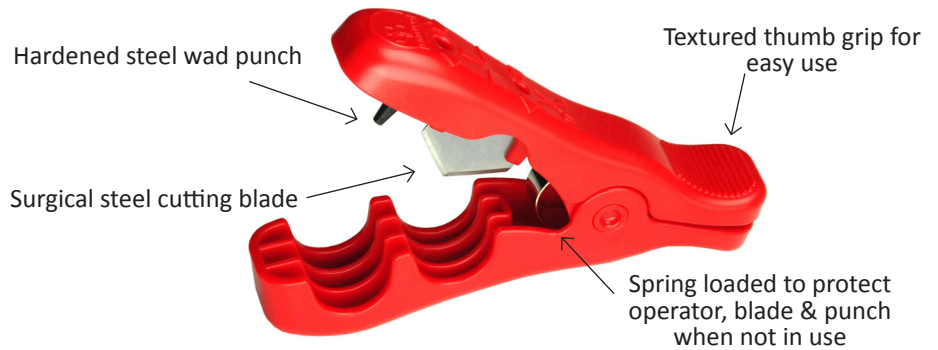

A combination tool that prepares poly tube for the installation of emitters and fittings in low pressure irrigation systems.

## Features

- Aligns the tube ensuring a clean, square cut.
- Angled piercing blade reduces cutting force.
- Suitable for cutting LPDE pipe, vinyl tubing, drip tubes, soaker hoses, micro tubes, clear vinyl tubes (CVT) and other "soft" tubes up to 22 mm OD.
- Punch a hole into 16 mm and 20 mm LDPE for the installation of Drippers, Sprays, Rigid Risers and micro tube fittings.
- Punch pierces a clean hole and removes wad leaving tube free of debris.
- Blister packaged with product description and barcode for easy display and transaction.
