

SNAPLOK COMBO KITS

These kits are designed for applications that demand sturdy installation due to frequent quick coupler use.

KEY BENEFITS

- Versatile, cross-compatible, and heavy-duty quick coupler
- Highly effective solution for quick-coupler stabilization
- SnapLok™ design includes:
 - Heavy-duty PVC and brass outlet construction
 - Anti-rotation coupler locking feature
 - Accommodates both rebar and pipe stabilization
- Solves common quick-coupler stabilization and unthreading concerns
 - Unique SnapLok™ outlet with integrated brass thread outlet

Quick Coupler with SnapLok
Equipped HSJ-1 swing joint
