

3M Science.
Applied to Life.™

3M™ Scotchlok™ 314 Insulation Displacement Connectors (IDC's).

For moisture-resistant applications
rated at 600 volts for building wires
and 1000 volts for signs, fixtures, and
luminaires.

Features and benefits

- Moisture resistant seal is ideal for outdoor use
- Self-stripping - quick and easy to use simply snap shut without stripping or twisting the wire
- Connects 2 or 3 wire ends and insulates the connection
- Unique “U” contact provides a dependable electrical connection

Typical applications

Sprinkler systems, landscape lighting and other moisture resistant applications at low voltage.

Product details

Wire range, mm ²	Wire types	Operating temperature	Flame retardant	Certifications
0,5 – 1,5	Solid or stranded, tinned or untinned copper conductors	105°C	Yes	UL Listed, CSA Certified, VDE Certified, CE Approved, RoHS 2011/65/EU Compliant
