

TCF

Multipurpose hose.

Three layer design, in flexible, clear PVC, with high resistant polyester fibre reinforcement.

SIMULANTS A, B, C, D1

- fruit juices
- wines
- alcohols
- milk

- 1 Flexible PVC
- 2 Polyester reinforcement
- 3 Flexible PVC

APPLICATIONS

- Multipurpose hose suitable for numerous applications :
- Compressed air hose for supplying pneumatic tools
 - For equipping assembly work stations, wall-mounted or mobile dispensers, compressors

ALL SECTORS OF ACTIVITY

- Automotive industry
- Assembly plants
- Plastics industry
- Construction
- Garages (for cars, lorries & agricultural machinery)
- Woodworking etc.

Marking

Ø inn x Ø out / Ø inn x th. (EU) No 10/2011 SIM A,B,C,D1 [Batch number]

ADVANTAGES

The materials used in TCF provide it with flexibility, high transparency, UV protection. Moreover, its balanced reinforcement provides good resistance to pressure and deformation at low pressures.

CONNECTORS

Quick connectors, swaged connectors, barbed or serrated connectors. band, worm drive, screw or butterfly clamps.

CHEMICAL RESISTANCE

TCF is suitable for various acids and alkalis. For more information please consult table pages 104 to 107 column A.

WARNING

Hydrocarbons make TCF quickly degrade. Please consult us.
